

CLINICAL NEGLIGENCE

# Making a claim

Have you or a loved one  
suffered due to negligent  
medical treatment?

# “Known for our Expertise. Chosen for our Care”

People of all walks of life and of all ages can be affected by medical negligence. For some, medical negligence can result in devastating consequences for the injured person and their family. We have experience in dealing with all types of claim, from relatively low value claims to highly complex, multi-million pound claims, arising from:

- Birth injuries (to baby or to mum)
- Substandard A&E treatment
- Brain injuries
- Delayed diagnosis or treatment of bacterial meningitis
- Amputation
- Negligent management of cancer, stroke or brain injury
- GP negligence
- Spinal cord damage
- Prescription errors
- Pressure sores
- Negligent Surgery
- Negligent mental health management resulting in suicide or attempted suicide
- Fatality caused by medical negligence

“A small note to say a big thank you to you and your staff for all you have done for me. That money will help me and my family.”

## How Can We Help You

**A patient is entitled to claim compensation if, as a result of medical malpractice, they have been injured or their condition has been made worse. We deal with claims against hospitals, GPs and private doctors.**

In nearly all scenarios, injuries caused by medical negligence can result in devastating consequences for the injured person and their family. Sadly, making a claim cannot turn back the clock and take away the injury. However, making a claim can help you to secure funds to get your life back on track.

We have access to advice from highly skilled medical experts who help us to maximise our clients' claims for compensation. We understand that our clients often need compensation to help them pay the mortgage if they have been left unable to work, or to fund care or vital treatment for their injuries.

### Money Up Front

Where possible, we try to get an early admission of liability from the person who caused the injury, which enables us to ask for money up front. This money can help to fund anything from household expenses to care, equipment, therapy and other vital private medical treatment.

We are a sensitive and understanding team who fully appreciate that recovering from, or living with, a health problem can be extremely stressful. We do all that we can to ease the burden on our clients and to help restore their quality of life as far as possible.

### No Win No Fee

When getting in touch, feel free to ask for further details of our no win no fee scheme, under which there is nothing for you to pay at all towards our charges unless the claim succeeds.

---

“Thank you so much for all your help on my claim for compensation. You were so helpful, explaining everything when I didn't understand. Nothing was too much trouble. I wouldn't hesitate to come to you if I need a solicitor in the future.”
